AUTHORITY: 29 U.S.C. 794, 794d.

SOURCE: 52 FR 45628, Dec. 1, 1987, unless otherwise noted.

§ 6.101 Purpose.

This part effectuates section 119 of the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978, which amended section 504 of the Rehabilitation Act of 1973 to prohibit discrimination on the basis of handicap in programs or activities conducted by Executive agencies or the United States Postal Service. This part also implements section 508 of the Rehabilitation Act of 1973, as amended, with respect to the accessibility of electronic and information technology developed, procured, maintained, or used by the agency.

[52 FR 45628, Dec. 1, 1987, as amended at 66 FR 51863, Oct. 11, 2001]

§ 6.102 Application.

This part applies to all programs or activities conducted by the Commission except for programs or activities conducted outside the United States that do not involve individuals with handicaps in the United States.

§ 6.103 Definitions.

For purposes of this part, the term—
Auxiliary aids means services or devices that enable persons with impaired sensory, manual, or speaking skills to have an equal opportunity to participate in, and to enjoy the benefits of, programs or activities conducted by the Commission. For example, auxiliary aids useful for persons with impaired vision include readers, Brailled materials, audio recordings, and other similar services and devices. Auxiliary aids useful for persons with impaired hearing include telephone handset amplifiers, telephones compatible with hearing aids, telecommunication devices for deaf persons (TDD's), interpreters, notetakers, written materials, and other similar services and devices.

Commission means the Federal Trade Commission.

Complete complaint means a written statement that contains the complainant's name and address and describes the Commission's alleged discriminatory action in sufficient detail to inform the Commission of the nature and date of the alleged violation of section 504. It shall be signed by the complainant or by someone authorized to do so on his or her behalf. Complaints filed on behalf of classes or third parties shall describe or identify (by name, if possible) the alleged victims of discrimination.

Electronic and information technology includes information technology and any equipment or interconnected system or subsystem of equipment that is used in the creation, conversion, or duplication of data or information. The term includes, but is not limited to, telecommunications products (such as telephones), information kiosks and transaction machines, World Wide Web sites, multimedia, and office equipment such as copiers and fax machines. The term does not include any equipment that contains embedded information technology that is used as an integral part of the product, but the principal function of which is not the acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. For example, HVAC (heating, ventilation, and air conditioning) equipment such as thermostats or temperature control devices, and medical equipment where information technology is integral to its operation are not electronic and information technology.

Facility means all or any portion of buildings, structures, equipment, roads, walks, parking lots, rolling stock or other conveyances, or other real or personal property.

Individual with handicaps means any person who has a physical or mental impairment that substantially limits one or more major life activities, has a record of such an impairment, or is regarded as having such an impairment. As used in this definition, the phrase:

(1) *Physical or mental impairment* includes—

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of

the following body systems: Neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or

(ii) Any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. The term *physical or mental impairment* includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments, cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, emotional illness, and drug addiction and alcoholism.

(2) *Major life activities* includes functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

(3) *Has a record of such an impairment* means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

(4) *Is regarded as having an impairment* means—

(i) Has a physical or mental impairment that does not substantially limit major life activities but is treated by the Commission as constituting such a limitation;

(ii) Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

(iii) Has none of the impairments defined in paragraph (1) of this definition but is treated by the Commission as having such an impairment.

Information technology means any equipment or interconnected system or subsystem of equipment that is used in the automatic acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data or information. The term "information technology" includes computers, ancillary equipment, software, firmware and similar procedures, services (including support services), and related resources.

Federal Trade Commission

§ 6.130

Qualified individual with handicaps means—

(1) With respect to any Commission program or activity under which a person is required to perform services or to achieve a level of accomplishment, an individual with handicaps who meets the essential eligibility requirements and who can achieve the purpose of the program or activity without modifications in the program or activity that the Commission can demonstrate would result in a fundamental alteration in its nature; and

(2) With respect to any other program or activity, an individual with handicaps who meets the essential eligibility requirements for participation in, or receipt of benefits from, that program or activity.

(3) *Qualified handicapped person* as that term is defined for purposes of employment in 29 CFR 1613.702 (f), which is made applicable to this part by § 6.140.

Section 504 means section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794)), as amended by the Rehabilitation Act Amendments of 1974 (Pub. L. 93-516, 88 Stat. 1617); the Rehabilitation, Comprehensive Services, and Developmental Disabilities Amendments of 1978 (Pub. L. 95-602, 92 Stat. 2955) and the Rehabilitation Act Amendments of 1986 (Pub. L. 99-506, 100 Stat. 1810). As used in this part, section 504 applies only to programs or activities conducted by Executive agencies and not to federally assisted programs.

Section 508 means section 508 of the Rehabilitation Act of 1973, as amended.

[52 FR 45628, Dec. 1, 1987, as amended at 66 FR 51863, Oct. 11, 2001]

§§ 6.104–6.109 [Reserved]

§ 6.110 Self-evaluation.

(a) The Commission shall, by February 1, 1989, evaluate its current policies and practices, and the effects thereof, that do not or may not meet the requirements of this part, and, to the extent modification of any such policies and practices is required, the Commission shall proceed to make the necessary modifications.

(b) The Commission shall provide an opportunity to interested persons, in-

cluding individuals with handicaps or organizations representing individuals with handicaps, to participate in the self-evaluation process by submitting comments (both oral and written).

(c) The Commission shall, for at least three years following completion of the self-evaluation required under paragraph (a) of this section, maintain on file and make available for public inspection:

(1) A description of areas examined and any problems identified, and

(2) A description of any modifications made.

§ 6.111 Notice.

The Commission shall make available to employees, applicants, participants, beneficiaries, and other interested persons such information regarding the provisions of this part and its applicability to the programs or activities conducted by the Commission, and make such information available to them in such manner as the Chairman or his or her designee finds necessary to apprise such persons of the protections against discrimination assured to them by section 504 and this regulation.

§§ 6.112–6.129 [Reserved]

§ 6.130 General prohibitions against discrimination.

(a) No qualified individual with handicaps shall, on the basis of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program or activity conducted by the Commission.

(b)(1) The Commission, in providing any aid, benefit, or service, may not, directly or through contractual, licensing, or other arrangements, on the basis of handicap—

(i) Deny a qualified individual with handicaps the opportunity to participate in or benefit from the aid, benefit, or service;

(ii) Afford a qualified individual with handicaps an opportunity to participate in or benefit from the aid, benefit, or service that is not equal to that afforded others;

(iii) Provide a qualified individual with handicaps with an aid, benefit, or

service that is not as effective in affording equal opportunity to obtain the same result, to gain the same benefit, or to reach the same level of achievement as that provided to others;

(iv) Provide different or separate aid, benefits, or services to individuals with handicaps or to any class of individuals with handicaps than is provided to others unless such action is necessary to provide qualified individuals with handicaps with aid, benefits, or services that are as effective as those provided to others;

(v) Deny a qualified individual with handicaps the opportunity to participate as a member of planning or advisory boards; or

(vi) Otherwise limit a qualified individual with handicaps in the enjoyment of any right, privilege, advantage, or opportunity enjoyed by others receiving the aid, benefit, or service.

(2) The Commission may not deny a qualified individual with handicaps the opportunity to participate in programs or activities that are not separate or different, despite the existence of permissibly separate or different programs or activities.

(3) The Commission may not, directly or through contractual or other arrangements, utilize criteria or methods of administration the purpose or effect of which would—

(i) Subject qualified individuals with handicaps to discrimination on the basis of handicap; or

(ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(4) The Commission may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude individuals with handicaps from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the Commission; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The Commission, in the selection of procurement contractors, may not use criteria that subject qualified indi-

viduals with handicaps to discrimination on the basis of handicap.

(c) The exclusion of nonhandicapped persons from the benefits of a program limited by Federal statute or Executive order to individuals with handicaps or the exclusion of a specific class of individuals with handicaps from a program limited by Federal statute or Executive order to a different class of individuals with handicaps is not prohibited by this part.

(d) The Commission shall administer programs and activities in the most integrated setting appropriate to the needs of qualified individuals with handicaps.

§§ 6.131–6.139 [Reserved]

§ 6.140 Employment.

No qualified individual with handicaps shall, on the basis of handicap, be subjected to discrimination in employment under any program or activity conducted by the Commission. The definitions, requirements and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 6.141–6.148 [Reserved]

§ 6.149 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 6.150, no qualified individuals with handicaps shall, because the Commission's facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Commission.

§ 6.150 Program accessibility: Existing facilities.

(a) *General.* The Commission shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(1) Necessarily require the Commission to make each of its existing facilities accessible to and usable by individuals with handicaps, or

(2) Require the Commission to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where Commission personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Commission has the burden of proving that compliance with §6.150(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Chairman or his or her designee after considering all Commission resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the Commission shall take any other action that would not result in such an alteration or such burdens, but would, nevertheless, ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) *Methods.* The Commission may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The Commission is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The Commission, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151-4157) and any

regulations implementing it. In choosing among available methods for meeting the requirements of this section, the Commission shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(c) *Time period for compliance.* The Commission shall comply with the obligations established under this section by April 1, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by February 1, 1991, but in any event as expeditiously as possible.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Commission shall develop, by August 1, 1988, a transition plan setting forth the steps necessary to complete such changes. The Commission shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the Commission's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period;

(4) Indicate the official responsible for implementation of the plan; and

(5) Identify the persons or groups with whose assistance the plan was prepared.

§6.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Commission shall be designed, constructed, or

§ 6.152

altered so as to be readily accessible to and usable by individuals with handicaps. The definitions, requirements, and standards of the Architectural Barriers Act (42 U.S.C. 4151-4157), as established in 41 CFR 101-19.600 to 101-19.607, apply to buildings covered by this section.

§ 6.152 Program accessibility: Electronic and information technology.

(a) When developing, procuring, maintaining, or using electronic and information technology, the Commission shall ensure, unless an undue burden would be imposed on the agency, that the electronic and information technology allows, regardless of the type of medium of the technology:

(1) individuals with disabilities who are employees to have access to and use of information and data that is comparable to the access to and use of the information and data by employees who are not individuals with disabilities; and

(2) individuals with disabilities who are members of the public seeking information or services from the Commission to have access to and use of information and data that is comparable to the access to and use of the information and data by members of the public who are not individuals with disabilities.

(b) When the development, procurement, maintenance, or use of electronic and information technology that meets the standards published by the Architectural and Transportation Barriers Compliance Board pursuant to section 508(a)(2) of the Rehabilitation Act of 1973, as amended, would impose an undue burden on the Commission, the Commission shall provide individuals with disabilities covered by paragraph (a) of this section with the information and data involved by an alternative means of access that allows such individuals to use the information and data.

(c) This section shall not apply to any matter legally exempted by section 508, by the standards referenced in paragraph (b) of this section, or by other applicable law or regulation. Nothing in this section shall be construed to limit any right, remedy, or procedure otherwise available under

16 CFR Ch. I (1-1-07 Edition)

any provision of federal law (including sections 501 through 505 of the Rehabilitation Act of 1973, as amended) that provides greater or equal protection for the rights of individuals with disabilities than section 508.

[66 FR 51863, Oct. 11, 2001]

§§ 6.153-6.159 [Reserved]

§ 6.160 Communications.

(a) The Commission shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Commission shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Commission.

(i) In determining what type of auxiliary aid is necessary, the Commission shall give primary consideration to the requests of the individual with handicaps.

(ii) The Commission need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the Commission communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD's), or equally effective telecommunication systems shall be used.

(b) The Commission shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Commission shall provide signs at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Commission to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity, or in undue financial and administrative burdens. In

those circumstances where Commission personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Commission has the burden of proving that compliance with § 6.160 would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the Chairman or his or her designee after considering all Commission resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Commission shall take any other action that would not result in such an alteration or burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 6.161–6.169 [Reserved]

§ 6.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs or activities conducted by the Commission.

(b) The Commission shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791). The Commission shall apply the same procedures to process complaints alleging violations of section 508. Complaints alleging a violation of section 508 may not be filed with respect to any exempted matters as described in § 6.152(c) of this chapter, and may be filed only with respect to electronic and information technology procured by the Commission on or after June 21, 2001.

(c) Responsibility for implementation and operation of this section is

vested in the Director of Equal Employment Opportunity.

(d)(1) A complete complaint under this section may be filed by any person who believes that he or she or any specific class of persons of which he or she is a member has been subjected to discrimination prohibited by this part. The complaint may also be filed by an authorized representative of any such person.

(2) The complaint must be filed within 180 days of the alleged act of discrimination unless the Director of Equal Employment Opportunity extends the time period for good cause.

(3) The complaint must be addressed to the Director of Equal Employment Opportunity, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington, DC 20580.

(e) If the Director of Equal Employment Opportunity receives a complaint over which the Commission does not have jurisdiction, he or she shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The Director of Equal Employment Opportunity shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157) is not readily accessible to and usable by individuals with handicaps.

(g)(1) The Director of Equal Employment Opportunity shall accept and investigate a complete complaint that is filed in accordance with paragraph (d) of this section and over which the Commission has jurisdiction.

(2) If the Director of Equal Employment Opportunity receives a complaint that is not complete (see § 6.103), he or she shall, within 30 days thereafter, notify the complainant that additional information is needed. If the complainant fails to complete the complaint within 30 days of the date of the Director's notice, the Director of Equal Employment Opportunity may dismiss the complaint without prejudice.

(h) Within 180 days of the receipt of a complete complaint over which the

§§ 6.171–6.999

Commission has jurisdiction, the Director of Equal Employment Opportunity shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal to the Commission's General Counsel.

(i)(1) An appeal under this section must be filed within 90 days of the complainant's receipt of the letter under paragraph (h) of this section unless the General Counsel extends the time period for good cause.

(2) The appeal must be addressed to the General Counsel, Federal Trade Commission, 600 Pennsylvania Avenue, NW., Washington, DC 20580.

(3) The appeal shall specify the questions raised by the appeal and the arguments on the points of fact and law relied upon in support of the position taken on each question; and it shall include copies of the complaint filed under paragraph (d) of this section and the letter by the Director of Equal Employment Opportunity under paragraph (h) of this section as well as any other material relied upon in support of the appeal.

(j) The General Counsel shall notify the complainant of the results of the appeal within 60 days of the receipt of the appeal. If the General Counsel determines that additional information is needed from the complainant, the General Counsel shall have 60 days from the date of receipt of the additional information to make a final determination on the appeal. The General Counsel may submit the appeal to the Commission for final determination provided that any final determination of the appeal is made by the Commission within the 60-day period specified by this paragraph.

(k) The time limits specified by paragraphs (h) and (j) of this section may be extended by the Chairman for good cause.

(l) The Commission may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making

the final determination may not be delegated.

PART 14—ADMINISTRATIVE INTERPRETATIONS, GENERAL POLICY STATEMENTS, AND ENFORCEMENT POLICY STATEMENTS

Sec.

14.9 Requirements concerning clear and conspicuous disclosures in foreign language advertising and sales materials.

14.12 Use of secret coding in marketing research.

14.15 In regard to comparative advertising.

14.16 Interpretation of Truth-in-Lending Orders consistent with amendments to the Truth-in-Lending Act and Regulation Z.

AUTHORITY: 15 U.S.C. 41–58.

§ 14.9 Requirements concerning clear and conspicuous disclosures in foreign language advertising and sales materials.

The Federal Trade Commission has noted that, with increasing intensity, advertisers are making special efforts to reach foreign language-speaking consumers. As part of this special effort, advertisements, brochures and sales documents are being printed in foreign languages. In recent years the Commission has issued various cease-and-desist orders as well as rules, guides and other statements, which require affirmative disclosures in connection with certain kinds of representations and business activities. Generally, these disclosures are required to be “clear and conspicuous.” Because questions have arisen as to the meaning and application of the phrase “clear and conspicuous” with respect to foreign language advertisements and sales materials, the Commission deems it appropriate to set forth the following enforcement policy statement:

(a) Where cease-and-desist orders as well as rules, guides and other statements require “clear and conspicuous” disclosure of certain information in an advertisement or sales material in a newspaper, magazine, periodical, or other publication that is not in English, the disclosure shall appear in
